CAREER SUMMARY

I'm a seasoned software developer with expertise in PHP Laravel and JavaScript Vue.js frameworks. I am an expert in both backend and frontend development, with extra knowledge of Linux-based server management for easy application deployment.

PROFESSIONAL EXPERIENCE

Vision Eye Hospital Pvt. Ltd

Executive IT Officer

August 2021 - Continue

As an Executive IT Officer, I focus on improving operational efficiency by developing and maintaining key systems, including **ERP solutions** and **web-based healthcare management information systems**. I also handle website creation and **Ubuntu/Nginx server management**, ensuring seamless operations.

Key Responsibilities:

- Developed and optimized **ERP solutions** and **HMIS** to streamline hospital workflows.
- Created and managed the hospital's **official website** for better user experience.
- Maintained and troubleshooted **Ubuntu and Nginx server systems** for uninterrupted service.
- Implemented technology upgrades to enhance operational efficiency.

Key Achievements:

- Reduced manual workload by 30% with automated systems.
- Ensured 100% uptime for critical hospital systems.
- Increased patient engagement through website improvements.
